Woodley Park News

Construction in the Neighborhood. As previously reported, the property at 2910 Garfield St (corner of 29th Pl) was sold to a developer who wants to tear down the existing house and build two houses in its place. Details, including renditions of what the developer wants to build, can be found [on our website](#). ANC3C, WPCA and several neighbors have appealed the Zoning Administrator's approval of the subdivision of the original lot into two lots (copy also [on our website](#)). Other legal action is being considered.

At its meeting last evening, the WPCA **Executive Committee voted to spend up to \$3000 to help finance these legal actions.** Many individual neighbors have pledged financial support, and ANC3C has also voted to spend up to \$3000. If you have any concerns or questions about this — in particular, if you think WPCA should not help finance these activities — please let me know in the next couple of days.
