

Sunday February 5

Woodley Park News

Parking in DC. The three DC government officials who have the most to say about parking in the District will discuss the issue and answer questions in a **live web chat** on Tuesday February 7th from 2 to 3:30 pm. You can hear what Terry Bellamy of DDoT, William Howland of DPW and Lucinda Babers of DC DMV have to say [here](#) or on any of their agencies' websites.

Zoo construction. The Zoo has issued an Environmental Assessment concerning the potential effects of building a **retaining wall** between Parking Lot C and the Zoo's North Road. The 945-foot-long wall would replace sheeting and shoring that was intended to be temporary when it was installed in 1975. The differences among the alternatives being considered by the Zoo relate to the construction and landscaping in front of the wall (not to the wall itself) and along the North Road. Parking Lot C would have to be closed during the construction (presumably exacerbating the parking shortage at the Zoo). The EA is available [on the Zoo's website](#) (large file). Comments on the EA are due February 24th. If you have any issues you think WPCA should raise, let me or [any other Board member](#) know.

Calendar

The next meeting of the **WPCA Executive Committee** is Wednesday March 7th at Stanford starting at 7:30. The agenda will be [on the website](#) a few days before the meeting.

John Goodman
