WPCA wrote to the Mayor, CM Cheh and DDoT about the condition of the Klinge Valley Trail. The letter is [on the website](#). DDoT released the following statement about the status of work on the Trail:

"DDOT is actively working to coordinate repairs to the trail. The contractor who performed the work is still under contract with DDOT and we are working with them to address these problems. Performing some of these repairs will likely require us to close the trail for a defined period of time so we are working to align all of the needed work to fit within as short of a window as possible. We will continue to provide status updates until the work is complete."

The **Tregaron Conservancy** [website](#) has announced several fall events.
