

Sunday July 24

Woodley Park News

As previously reported, the National Park Service will **resurface Beach Drive** in the District and make other improvements. This will require closing sections of the Drive as the work proceeds. Traffic from the Drive will be diverted onto city streets. The project will begin after Labor Day and take three years. NPS will hold a community meeting to provide information about the project is scheduled at 7 pm, Thursday July 28 at the Cleveland Park Library. More information about the project is on the [NPS website](#).

Urban Forestry plants **street trees** in the spring. These recently planted trees need special care during the extreme weather we're having now. Newly planted trees can be identified [on this map](#). If you can make sure that there's water in the Gator bags at the base of these trees, they will have a better chance of survival.

In connection with the effectiveness of the new zoning regulations, the Office of Zoning has developed a [new zoning-related website](#). One new feature is a plain English [Zoning Handbook](#) that summarizes the new regulations. There is also an [interactive zoning map](#); it shows not just zone boundaries, but also a variety property-specific information.

WPCA's **JBG Task Force** will be headed by [Jeff Myers](#). Let him or me know if you want to join. JGB's PUD applications are on the [JBG-Marriott page](#) on the WPCA website, as is ANC3C's recently filed setdown report.

Calendar

Wednesday September 7, 7:30 pm. **WPCA Executive Committee** meeting at Stanford. The agenda should be [on the website](#) a few days before the meeting. All are welcome.

John Goodman
